

**NOTICE OF TYPE II
DEVELOPMENT REVIEW
APPLICATION AND OPTIONAL
SEPA DETERMINATION OF
NON-SIGNIFICANCE**

(Form DS1301A)

The Clark County Department of Community Development has received an application for development review, as described below. Based on a review of the submitted application materials, the County expects to issue a **Determination of Non-Significance (DNS)** for the proposal allowed by state law and Clark County Code (CCC), Section 40.570.040(E) – Optional DNS Process. As lead agency, the county has determined that the requirements for environmental analysis, protection, and mitigation measures are adequately addressed in the development regulations and comprehensive plan adopted under chapter 36.70A RCW, and in other applicable local, state, or federal laws rules, as provided by RCW 43.21.240 and WAC 197-11-158. Our agency will not require any additional mitigation measures under SEPA. The proposal may include mitigation under applicable codes and the project review.

Comments received within the deadline will be considered in the review of the proposal. Your response to this notice may be your only opportunity to comment on the environmental impacts of this proposal. No additional comment period will be provided unless probable significant environmental impacts are identified during the review process, which would require additional study or special mitigation. The proposal may include mitigation under applicable codes and the project review process may incorporate or require mitigation measures regardless of whether an Environmental Impact Statement (EIS) is prepared.

Closing Date for Public Comments:
May 28, 2009

Application Filing date: April 10, 2009**Fully Complete Date:** April 30, 2009**SEPA Options:**

As lead agency under the State Environmental Policy Act (SEPA) Rules [Chapter 197-11, Washington Administrative Code (WAC)], Clark County must determine if there are possible significant adverse environmental impacts associated with this proposal. The options include the following:

- **DS = Determination of Significance** (The impacts cannot be mitigated through conditions of approval and, therefore, requiring the preparation of an EIS;
- **MDNS = Mitigated Determination of Non-Significance** (The impacts can be mitigated through conditions of approval); or,
- **DNS = Determination of Non-Significance** (The impacts can be addressed by applying the County Code).

Timelines/Process:

Decisions on Type II applications are made within 78 calendar days of the Fully Complete date (noted above), unless placed on hold for the submittal of additional information.

Appeal Process:

The responsible official's decision on the application may be appealed to the County Hearings Examiner by the applicant or any person or group that qualifies as a "Part of Record." To qualify as a party of record, you must have submitted written comments or a written request to be identified as a Party of Record within the comment deadline. Note: If an accurate mailing address for those submitting comment is not included, they will not qualify as a "Party of Record" and, therefore, will not have standing to appeal the decision. An appellant must submit an appeal application and appeal fee within 14 calendar days after the written notice of the decision is mailed.

SEPA Appeals:

A **procedural SEPA appeal** is an appeal of the determination (i.e., determination of significance, determination of non-significance, or mitigated determination of non-significance).

A **substantive SEPA appeal** is an appeal of the conditions required to mitigate for probable significant issues not adequately addressed by existing County Code or other law.

A **procedural or substantive appeal** must be filed within fourteen (14) calendar days of this determination, together with the appeal fee. Such appeals will be considered at a scheduled public hearing and decided by the Hearing Examiner in a subsequent written decision.
